

WSVC

Water Source Heat Pump

Vertical

3/4 thru 5 Tons

R454B

NOMENCLATURE

WSVC 024 D 2 L C F T 0 0 0 0 0 000 A

MODEL

WSVC - R454B VERTICAL
 WSVX - R454B VERTICAL ECM
 WSHC - R454B HORIZONTAL
 WSHX - R454B HORIZONTAL ECM

CAPACITY

E06 - 6,000 Btuh (WSHC/WSHX Low Profile 11")
 E09 - 9,000 Btuh (WSHC/WSHX Low Profile 11")
 E12 - 12,000 Btuh (WSHC/WSHX Low Profile 11")
 009 - 9,000 Btuh
 012 - 12,000 Btuh
 018 - 18,000 Btuh
 024 - 24,000 Btuh
 030 - 30,000 Btuh
 036 - 36,000 Btuh
 040 - 40,000 Btuh
 042 - 42,000 Btuh
 048 - 48,000 Btuh
 060 - 60,000 Btuh

REVISION

D - R454B Initial Release

VOLTAGE

2 - 208-230V/1Ph/60Hz (PSC)
 3 - 265V/1Ph/60Hz (PSC)
 6 - 208-230V/1Ph/60Hz (ECM)
 7 - 265V/1Ph/60Hz (ECM)
 E - 208-230V/3Ph/60Hz (PSC)
 F - 460V/3Ph/60Hz (PSC) (WSHC/WSHX) (Does not include 11" Unit)
 M - 208-230V/3Ph/60Hz (ECM)
 N - 460V/3Ph/60Hz (ECM) (WSHC/WSHX) (Does not include 11" Unit)

RETURN LOCATION

L - Left Hand
 R - Right Hand

HEAT EXCHANGER

C - Copper
 N - Cupro-Nickel

WATER CIRCUIT OPTIONS

F - Front

FACTORY

A - AE-Air

OPTION

000 - None

INSULATION

0 - Fiberglass Standard Insulation
 A - Closed Cell Foam
 B - Foil Faced Insulation
 C - Compressor Jacket
 S - Closed Cell + Compressor Jacket

REHEAT

0 - None

CONTROLS

0 - Standard Controls
 A - Standard with Service Switch

FILTER TYPE

0 - 1" Throwaway Standard
 A - 2" MERV 8
 B - 2" MERV 11
 C - 2" MERV 13
 D - 4" MERV 11
 E - 4" MERV 13
 F - 4" MERV 14
 G - 1" MERV 8
 H - 1" MERV 11
 J - 1" MERV 13
 K - Permanent + 4" MERV 11
 L - Permanent + 4" MERV 13
 M - Permanent + 4" MERV 14

FILTER FRAME

0 - 1" 2-Sided (WSHC/WSHX E06,E09, E12 Low Profile 11")
 1 - 1" 4-Sided (WSHC/WSHX E06,E09, E12 Low Profile 11")
 2 - 1" + 2" 4-Sided (WSHC/WSHX E06,E09, E12 Low Profile 11")
 0 - 1" + 2" 2-Sided (WSVC/WSVX/ WSHC/WSHX 009-060)

SUPPLY AIR LOCATION

E - End
 S - Straight
 T - Top (Vertical Only)

WSVC

WATER SOURCE HEAT PUMP

The **WSVC** includes many standard features found only in higher priced products, plus a number of unique features including:

- Having the **smallest footprint** of any product in its class ensures a perfect fit when replacing older models in tight closets, even the 036 model is only 21.5 wide by 21.5 deep.
- **Blower assemblies are field-reversible** 180 degrees. This option can improve airflow when the units are installed in closets with very little room for supply plenums.
- Optional **Vacated Premises Control (VPC)** kit with reset feature: Ensures that the unit will operate a minimum of one or two hours per day during extended periods of unoccupancy. This option also includes an automatic reset feature. If a fault occurs, the system will shut down, but then automatically reset every 24 hours. If the same fault exists each day, the unit will lockout on the fourth day and have to be manually reset.
- **Superior insulation:** Fully insulated with $\frac{3}{4}$ " Tuf-Skin RX™, which offers greater sound absorption and better thermal efficiency. The insulation has a special acrylic coating formulated with an EPA registered anti-microbial agent.
- **Removable discharge flange:** Provides additional installation clearance.
- **Tool-less filter rack installation:** Can be installed after the unit is in the closet, providing additional installation clearance.
- State-of-the-art **Digital Control Module**

STANDARD FEATURES

- Digital Diagnostic Display - A two-digit display indicates either the current operational mode or a fault code
- 24V Status LED - Green light indicates 24V power to the control module
- VPC (Vacated Premises Control) - Allows the unit to operate for either 1 or 2 hours per day (total) during extended periods of unoccupancy (requires optional kit).
- Nuisance Trip Protection - Unit will attempt to start up to three times with a fault signal. If the fault continues, the unit locks out.
- Condensate Overflow Lockout
- High and Low Pressure Controls
- Water Coil Low Temperature Protection
- Over / Under Voltage Protection
- Random Re-start Timer
- Anti-short Cycle Timer
- Test Mode With LED Indicator - Speeds up control timers for service personnel
- Alarm Relay - Activated if the unit locks out
- Conformal Coating (both sides) for humidity and condensation protection

DIP SWITCHES (FIELD SELECTABLE SETTINGS)

- 5 Second Compressor Delay - Blower starts before the compressor, which helps attenuate compressor start up sound.
- 45 Second Blower-off Delay - Increases cooling efficiency.
- Continuous Dehumidification Mode - Selects continuous low speed fan operation for increased humidity removal.
- VPC Switch - Selects either one or two hour daily operation (requires optional kit).
- Lower Water and Air Coil Temperature Cutout Options - Optional 10°F. cutouts for applications where water temperature is below 50°F. (requires antifreeze solution).
- Two Accessory Relays - The relays can cycle with either the fan or compressor. In addition, relay number one can be configured for use with slow opening water valves (60 second pre-compressor initialization) and relay number 2 can be configured for a 30 second post fan delay.

ADDITIONAL STANDARD FEATURES

- 100% factory tested
- R-454B Refrigerant - All units operate with environmentally friendly R-454B refrigerant.
- Non-corrosive Thermoplastic Condensate Pan- sloped for positive drainage
- High and low pressure service ports
- Refrigerant filter-dryer
- Panel-mounted FPT water connections - No back-up wrench needed.
- Removable panels for service
- 50 VA transformer
- 1" in throwaway filter

OPTIONAL FEATURES

- Cupronickel coaxial heat exchanger
- Vacated premises control
- E-Coated air coil corrosion protection
- Compressor cover: a heavy duty, insulated compressor cover that reduces unwanted compressor noise (must be field installed on the WSVX unit before the unit is installed in the closet).
- Part No. K3821332 (fits WSVX18-42)
- Part No. K4251 (fits WSVX48/60)
- Evaporator temperature sensor

DIGITAL CONTROL MODULE

- Controls unit operation and monitors all safety controls. (Patent Pending)

Electronic Control Module

Thermoplastic Drain Pan

Optional Vacated Premises Selector Switch
(Kit# 9WS01)
